Dear Jim

**SUPPLEMENTAL BUSINESS CASE TO SUPPORT PROPOSED COMMERCIAL AGREEMENT FOR COMPLETION OF RHSC/DCN PROJECT**

Thank you for providing a copy of the supplementary business case which has an update on the proposed Settlement Agreement for completion of the disputed capital works required for completion of the new Royal Hospital for Children and Young People/Department of Clinical Neuroscience/Child and Adolescent Mental Health Facility.

I note that NHS Lothian's Finance and Resources Committee approved the £10 million capital contribution towards disputed works required for completion of the facility. Having reviewed the supplementary business case, I am content with the proposed way forward and I can therefore confirm that Scottish Government Health and Social Care Directorates will provide additional capital funding of £10 million to support this programme of work.

It would be helpful if you could continue to keep me fully informed as to how the programme of work progresses and whether there is any movement from the current projected handover date.

Yours sincerely

[REDACTED]

**Christine McLaughlin**  
**Director of Health Finance**
