Environmental Data Sheet Review (following Board comments)

Room No	Board comment	Brookfield comment	Reviewed against ZBP Matrix	Comments to be incorporated & RDS updated	NA COMMENT
Department: ENDOSCOPY (NA-SZ-02-RD-400-END Rev 04)					NA to provide matrix for ZPD undete
END-039 Lockers		Extract figure incorrect on RDS	Extract to be 6ac/hr	Update RDS	NA to provide matrix for ZBP update
Department: ACCIDENT & EMERGENCY (NA-SZ-00-RD-400-EMA Re	v 04)				
EMC-016 Nappy Change	Extract Air change rate missing		Extract to be 10 as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-026 Police Office		Remove safety temp & temp notes - N/A	Not on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-036 Supplies Base		Remove safety temp & temp notes - N/A	Not on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-046 Switchgear Cupboard		Remove Temp notes, Mec Vent notes, Temp & water safety/temp notes - N/A	Not on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-049 Treatment Room	Positive pressure but extract @10ac and supply @6 ac	Incorrect on RDS - should read negative	Extract 10 and Supply 6 as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-050 Treatment Room	Positive pressure but extract @10ac and supply @6 ac	Incorrect on RDS - should read negative	Extract 10 and Supply 6 as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-061 Store Equipment & Supplies		Extract @ 1.5 ac incorrect	Remove extract figure - should be 1.5 ac Supply only as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-068 Staff & Communications Base	Board querying ventilation details		No vent details included		NA to provide matrix for ZBP update
EMC -074 Plaster Store			Extract to be 1.5ac; include water / temp notes	Update RDS	NA to provide matrix for ZBP update
EMC-080 Corridor	Board querying Service Illumination Night Lux	Inconsistencies with Night lux on number of corridors e.g.	General query on all departments - not		NA to provide matrix for ZBP update
		EMC-088, EMC-140 & 140_1 have 50 lux night illum but 069, 080 & 127 do not?	consistent with night lux illumination in corridors - please clarify position		
EMC-091 Switchgear Cupboard		Remove Temp notes, Mec Vent notes, Temp & water safety/temp notes - N/A	Not on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-100 Service Room Equipment			Extract should be 10 ac as on matrix; add water temp & safety notes	Update RDS	NA to provide matrix for ZBP update
		negative pressure. WHB in room - water temp and sarety notes missing	wastery Hotes		
EMC-103 Staff WC	Extract Air change rate missing		Extract to be 10 as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC -102 Electrical Cupboard		Remove Temp notes, Mec Vent notes, Temp & water safety/temp notes - N/A	Not on matrix	Update RDS	NA to provide matrix for ZBP update
EMC - 115 Body Viewing/ Bier room		Extract (1.5ac) and Supply (1.5ac) the same but room to be negative	Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC - 116 Body Viewing/ Bier room		Extract (1.5ac) and Supply (1.5ac) the same but room to be negative	Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC - 117 Shower ambulant	Extract Air change rate missing		Extract to be 10 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC - 118 Shower ambulant	Extract Air change rate missing		Extract to be 10 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC - 125 Rest: Office with shower	Board have noted change room name to Staff Room with Pantry (equipment appears to be consistent with use)	Following notes to be added - consistent with Staff room areas and area provision to be updated to accommodate ventilation etc 'Summer temp 26 deg. Air volume to suit occupancy at 10 litres per second per person. Local extract ventilation at food prep. Area. Lux level 200 lux working plane'	Matrix as it stands not applicable to room. NOTE: ZBP VENTILATION LAYOUT DRAWING (ZBP-ZD-00-PL-524-004 Rev E) shows supply and extract provision.	ZBP- Update RDS in accordance with drawing ventilation provision and confirm appropriate.	NA update Room Name in database
EMC-137 Store: ambulance equipment		Extract missing; Trough in room water temp/safety notes missing	Extract to be 1.5 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
EMC-149 Decontamination Capsule	Board notes area to be updated to reflect new layout & no. Of rooms		No details on ZBP matrix - to be advised	Update RDS	External Spaces should not be reported remove from RDS
EMC-161 Detention room	iayout & no. or rooms	Service Illumination Night Lux notes Floor. 1 Bedhead and Service Illumination Local lux 150 at Bedhead appear inappropriate as there is only a Seat Bench in the room.	Please review details on matrix and update accordingly	Update RDS	NA to provide matrix for ZBP update
E,MC-162 Dirty & Clean Hold AGV		Activities require updating - cannot carry out all of these in this room - no sink no disposal facilities etc. Also Mech Vent notes missing (should read prep area to suit design. Remove Safety temp notes - no water services in the room.	Add mech vent notes as on matrix and remove safety temp notes (not on matrix)	Update RDS	Advise on activities
Department: CRITICAL CARE WARD (NA-SZ-01-RD-400-CCW Rev 04)				
CCW-014 Relatives Room		Remove Water temp/safety notes - no water services in	Matrix states water temp/safety notes but N/A	Update RDS	NA to provide matrix for ZBP update
CCW-014 Relatives Room		this room Remove Water temp/safety notes - no water services in	Matrix states water temp/safety notes but N/A	Update RDS	NA to provide matrix for ZBP update
CCW-017 Cleaners room	Extract rate missing	this room	Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-026 Patients En-suite WC & Wash	Extract rate missing		Extract should be 10 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-026 Patients En-suite WC & Wash			Extract should be 10 ac as on matrix	Update RDS	
	Extract rate missing				NA to provide matrix for ZBP update
CCW-066 Status Lab	Extract & Supply both at 5ac		Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-072 Dirty Utility with Urine testing	Board querying addition of Supply @ 8ac/hr	CCW-072 consistent with CCW-023, 126, 148, 188 therefore no change required.			NA to provide matrix for ZBP update
CCW-075 Clean Utiltiy		Would expect to see 200 lux working plane in a Clean Utility - 150 lux is low		Can lux levels be raised; this applies to all Clean Utilities	NA to provide matrix for ZBP update
CCW-101 Dirty Utility with Urine testing		Supply of 8 ac incorrect - not on matrix and not consisent with other DU - remove		Update RDS	NA to provide matrix for ZBP update
CCW-113 Housekeepers (cleaners) room	Extract missing		Extract should be 6 as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-114 Store room 2 of 4	Supply & Extract @ 1.5ac on rds?		Remove extract - only supply on matrix of 1.5 ac - consistent with other stores	Update RDS	NA to provide matrix for ZBP update
CCW-024 Store room 1 of 4		Supply & Extract @ 1.5ac on rds	Remove extract - only supply on matrix of 1.5 ac - consistent with other stores	Update RDS	NA to provide matrix for ZBP update
CCW-128 Relatives room		Remove Water temp/safety notes - no water services in	Matrix states water temp/safety notes but N/A	Update RDS	NA to provide matrix for ZBP update
CCW-129 Relatives room		this room Remove Water temp/safety notes - no water services in	Matrix states water temp/safety notes but N/A	Update RDS	NA to provide matrix for ZBP update
CCW-130 Equipment Services room		this room WHB in room - water temp/safety notes missing	Matrix states 10 ac Extract - to be added; also water temp/safety notes to add	Update RDS	NA to provide matrix for ZBP update
CCW-131 Pharmacy Support Area		Whilst matrix does not have ventilation provision for this room; ZBP drawing ZBP-ZD-01-PL-524-014 Rev E has both	Add supply and extract as vent drawings; also requires water temp/safety notes adding	Update RDS	NA to provide matrix for ZBP update
	room	room; ZBP drawing ZBP-LD-01-PL-524-014 Rev E has both supply and extract. Therefore matrix incorrect.	negatives water temp/salety notes adding		

CCW-141 Patients En-suite WC & Wash	Extract missing		Extract should be 10 ac as on matrix		NA to provide matrix for ZBP update
CCW-145 Relatives room		Remove Water temp/safety notes - no water services in	Matrix states water temp/safety notes but N/A	Hadata PDS	NA to provide matrix for ZBP update
		this room			
CCW-146 Relatives room		Remove Water temp/safety notes - no water services in this room	Matrix states water temp/safety notes but N/A	Update RDS	NA to provide matrix for ZBP update
CCW-148 Dirty Utility with Urine Testing	Board querying addition of Supply @ 8ac/hr	Remove Supply @ 8ac - not consistent with requirements. Matrix only details Extract.	Remove supply	Update RDS	NA to provide matrix for ZBP update
CCW-149 Patient Pantry	Ventilation requirements need amending	Not in line with requirements on Matrix	Change Extract to 6ac and add Supply 5ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-159 Patients En-suite WC & Wash		Extract missing	Extract to be 10 as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-180 Status Lab	Extract & Supply both at 5ac		Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCW-188 Dirty Utility with Urine Testing			Remove supply	Update RDS	NA to provide matrix for ZBP update
CCW-205 Female Staff Changing facilities	DU's. Board querying ventilation rates - incorrect extract	Matrix only details Extract. Extract should be 6 ac; Lux levels generally would be up to	Extract should be 6 ac as on matrix		NA to provide matrix for ZBP update
CCW-214 Male Staff Changing facilities	on RDS; also querying lux levels. Query on lux levels & mech vent notes	Lux levels generally would be up to 150 lux Floor	Mech Vent notes missing: Extract air change	amended Update RDS; confirm if lux levels can be	NA to provide matrix for ZBP update
			rate can include sanitary accommodation associated with changing room.	amended	
CCW-243 Store room 3 of 4	Board querying extract provision	This store is consistent with supply @ 1.5ac as the other stores in theatre.	Correct as matrix - no change		NA to provide matrix for ZBP update
Department: RENAL DIALYSIS (NA-SZ-02-RD-400-RENO Rev 03)					
RENO-011 Clean Utility		Would expect to see 200 lux working plane in a Clean Utility - 150 lux is low		Can lux levels be raised; this applies to all Clean Utilities	NA to provide matrix for ZBP update
RENO-033 Clean Utility		Would expect to see 200 lux working plane in a Clean Utility - 150 lux is low		Can lux levels be raised; this applies to all Clean Utilities	NA to provide matrix for ZBP update
RENO-045 WC Wash AmbulantShower			Extract should be 10ac as on matrix		NA to provide matrix for ZBP update
RENO-066 Seminar Room	Board querying Dimmable lighting provision	Dimmable light switch is included on components page -			NA to provide matrix for ZBP update
Department: NSGH CCU (NA-SZ-01-RD-400-CCU Rev 04)		no change			
	Extract missing		Extract should be 1000 or or or or or or	Lindata RDS	NA to provide westrings and
CCU-002 Disposal Hold	Extract missing		Extract should be 10ac as on matrix	Update RDS	NA to provide matrix for ZBP update
Cccu-004 Patients Pantry	Extract & Supply the same?	Change extract to 6 ac/hr to provide negative relative pressure	Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCU-005 Clean Utility		Would expect to see 200 lux working plane in a Clean Utility - 150 lux is low		Can lux levels be raised; this applies to all Clean Utilities	NA to provide matrix for ZBP update
CCU-008 Relatives Room		Remove Water temp/safety notes - no water services in this room	Matrix states water temp/safety notes but N/A	Update RDS	NA to provide matrix for ZBP update
CCU-019 Status Lab		Extract and Supply the same - extract to be higher to give negative relative pressure	Extract should be 6 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
COLL 030 Distribution	Extract missing		Extract should be 10 ac as on matrix	Update RDS	NA to provide matrix for ZBP update
CCU-020 Dirty Utility with Urine Testing					NA to avaide metric for 700 undete
CCU-020 Dirty Utility with Urine Testing CCU-030 Clean Utility /Store	Extract & Supply the same?	Remove extract of 6ac - not on matrix		Update RDS	NA to provide matrix for ZBP update
CCU-030 Clean Utility /Store	Extract & Supply the same?		Extract not on matrix		
CCU-030 Clean Utility /Store CCU-250 Bulk supplies store			Extract not on matrix		NA to provide matrix for ZBP update
CCU-030 Clean Utility /Store		Extract and Supply the same - extract to be removed to	Extract not on matrix		
CCU-030 Clean Utility /Store CCU-250 Bulk supplies store		Extract and Supply the same - extract to be removed to	Extract not on matrix	Update RDS	
CCU-030 Clean Utility /Store CCU-250 Bulk supplies store Department: OPD Pre-OP ASSESSMENT (NA-SZ-01-RD-400-POA Ret	v 03)	Extract and Supply the same - extract to be removed to give positive relative pressure Would expect to see 200 lux working plane in a Clean	Extract not on matrix	Update RDS Can lux levels be raised; this applies to all	NA to provide matrix for ZBP update
CCU-030 Clean Utility /Store CCU-250 Bulk supplies store Department: OPD Pre-OP ASSESSMENT (NA-SZ-01-RD-400-POA Ret POA-019 Clean Utility & Store	v 03)	Extract and Supply the same - extract to be removed to give positive relative pressure Would expect to see 200 lux working plane in a Clean	Extract not on matrix	Update RDS Can lux levels be raised; this applies to all	NA to provide matrix for ZBP update
CCU-030 Clean Utility /Store CCU-250 Bulk supplies store Department: OPD Pre-OP ASSESSMENT (NA-SZ-01-RD-400-POA Ret POA-019 Clean Utility & Store Department: NCH CRITICAL CARE PICU (NA-SZ-01-RD-400-PICU Ret	v 03)	Extract and Supply the same - extract to be removed to give positive relative pressure Would expect to see 200 lux working plane in a Clean Utility - 150 lux is low Remove mech vent notes N/A	Extract not on matrix Add water temp / safety notes	Update RDS Can lux levels be raised; this applies to all Clean Utilities	NA to provide matrix for ZBP update NA to provide matrix for ZBP update
